PROFESSIONAL SUMMARY

Motivated and detail-oriented IT professional pursuing multiple technical certifications through Valencia College with hands-on experience in network administration, Windows Server, Active Directory, cloud technologies, virtualization, and cybersecurity. Experienced in technical troubleshooting, customer support, leadership, and bilingual communication in both remote and fast-paced environments. Proven ability to analyze problems, deliver exceptional customer service, and collaborate effectively with cross-functional teams. Seeking entry-level IT Support, Help Desk, Systems Administration, Network Support, or Cybersecurity position where I can continue developing my technical expertise while contributing to organizational success.
